

This lapbook is about the biomes of the world. It is made to use the information from this website.

<http://www.mbgnet.net>

There are six biomes to explore: tundra, desert, taiga, rainforest, grasslands and temperate deciduous forest. Each has several links. This is for our families earth science/world studies, so this wasn't intended for the information included on plants and animals. These pieces are blank inside for my older elementary age children to use the site to find the relevant information and then to record it.

There is one piece for each biome. They will go along the outer edges of the lapbook. The big middle section of the lapbook will be a map. Have your child come up with a key: a color for each biome and write each biome name in its color in a blank space on the map. Then have your child color the map accordingly.

You can print out a map from this site:

<http://www.yourchildlearns.com/megamaps/print-world-maps.html> Choose "World 1".

You can find this map link on my Links blog as well on the History/Social Studies page.

Find the rest of my lapbooks on my homeschool blog, Just Us at

<http://hebrews110.wordpress.com>

There you can also learn about my novel, *The King Will Make a Way*. It's available to you free as a pdf and there are many homeschool materials to go along with it. The novel is an allegorical tale of the end times. It is meant to encourage and inspire you to not fear but live by faith and to give yourself to wholly following the King.

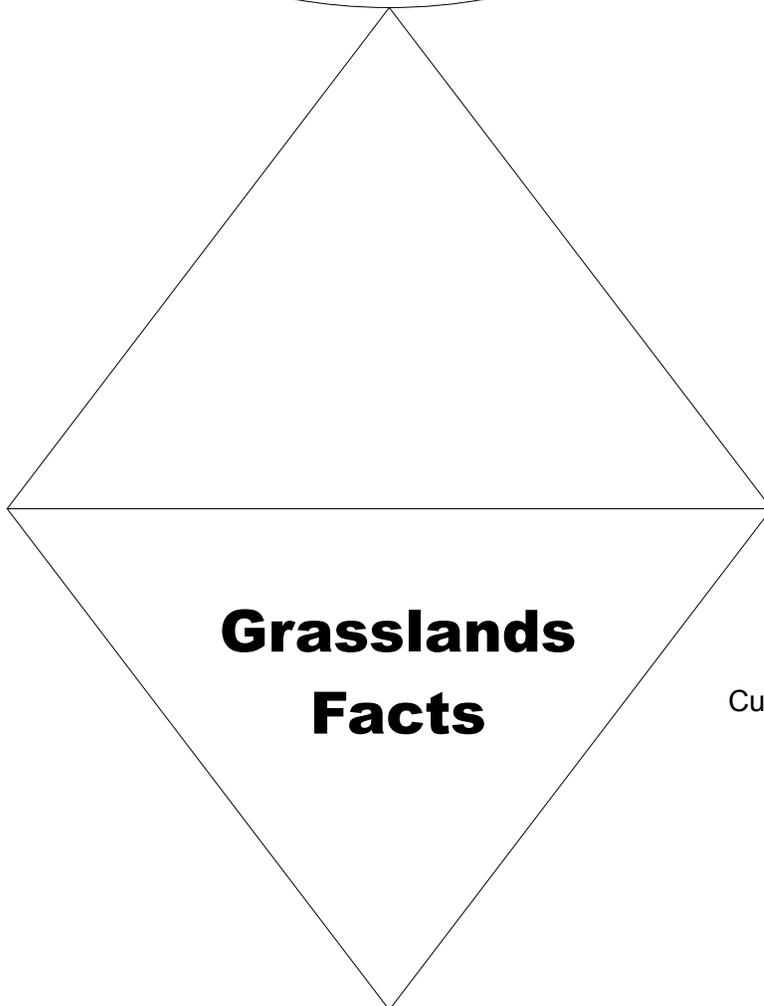

You are free to copy and share this lapbook. But you may not use it for any commercial benefit. Please let others know about my blogs and other free materials.

Blessings,
lee

Cut out circle. Fold on all
The lines. Fold in the
Middle of each side to tuck
Inside. Write in the inside.

Rainforest Facts

**Grasslands
Facts**

Cut out diamond and fold on center line.

Glue this down. Fold down the half
Circle with title. Write on the inside.

TUNDRA FACTS

**Temperate
Deciduous
Forest**

**Taiga
Facts**

Cut outline of flower. Write on petals and
Fold in to cover words.

Cut out these two rectangles as one piece.
Cut out the gray rectangle on the right.

Cut out the rectangle below with the extra
Edge as one piece. Write your facts on it.
Start under the line.

Place your facts face down so your words
Will show out the window.

Fold this rectangle over and glue along the
Side and bottom. Make sure "Desert facts"
Stick out the top.

Cut out this rectangle.

Glue
Here.

Glue here.

Desert Facts
